# EU Funding for Public Procurement of Innovative Solutions

Competent. Targeted. Customised.  
Advice and information on how to apply for EU funding

## EU Contact Point for Public Procurement of Innovative Solutions

The European Commission has made available a budget of **€ 284 million** within the **HORIZON 2020** Framework Programme for Research and Innovation for the period from 2014 to 2017 to fund projects in the area of innovative public procurement. Make the most of this opportunity and submit a funding application for your innovative project!

The EU Contact Point supplies information about funding alternatives and helps you to compile and submit your project proposal.

### Who are our clients?

- ▶ **Public institutions**
- ▶ **Research institutes**
- ▶ **Enterprises**

## Our services

Please  
arrange  
a personal  
appointment!

### ▶ Information

- **Newsletter**
- **Special events**
- **Exchange of experience**

Our newsletter keeps you constantly updated about current calls for proposals, activities and initiatives of the European Commission and Germany's federal government, events as well as partner requests. What's more, our special events are an ideal forum for an exchange of experience.

### ▶ Advice

- **Customised advice**
- **Assessment of project ideas**
- **Funding recommendations**
- **Workshops**

Our advice is customised to your individual needs! We assess your project ideas, organise in-house workshops and deliver recommendations on how to fund your project.

### ▶ Project support

- **Coaching**
- **Proposal check**
- **Strategic consortium building**

We coach you and check your proposal prior to submission. Putting together the right consortium is particularly important. Let us help you to find potential partners in Germany and other EU countries.

### ▶ Partner mediation

- **Search for international partners**
- **Matchmaking with German partners for international projects**

We help public institutions to join new consortia for EU projects or assist in finding additional partners.

- ▶ We also help enterprises and research institutions to join ongoing EU projects. You could, for example, provide R&D services on behalf of the buyer group or sell it your innovative products or solutions.

## EU Contact Point

The Contact Point is embedded in the Competence Centre for Innovative Procurement (KOINNO) led by the Association for Supply Chain Management, Procurement and Logistics (BME) and financed by the Federal Ministry for Economic Affairs and Energy (BMWi). As contractors, ZENIT GmbH and DLR are responsible for delivering KOINNO information and advisory services.

## EU projects in the area of public procurement of innovative solutions

EU funding is not restricted to specific sectors. You will find some examples of different projects on this page. Let us assess your project idea!
